PROFESSIONAL SUMMARY

Motivated and ambitious 3rd year Bachelor of Engineering student specializing in Information Science. Actively seeking opportunities to expand skill set and delve into emerging industries. Constantly pursuing new knowledge and acquiring latest skills to stay ahead of the curve. Strong passion for learning and thoroughly enjoy utilizing coding to construct innovative solutions and bring ideas to life.

EDUCATION

Bachelor of Engineering (B.E.): Information Science, 01/2022 - 01/2026

Rao Bahadur Y. Mahabaleswarappa Engineering College - Ballari, KA

Pursuing a degree in Information Science with coursework in data structures, algorithms, databases, web development, and software engineering. Developing strong foundations in both theoretical and practical aspects of computer science and software development.

PROJECTS

Personal Portfolio Website

Developed a responsive and interactive personal portfolio using modern web technologies (HTML, CSS, JavaScript, and React) to showcase projects, technical skills, and contact information. Deployed on Vercel with a clean UI/UX design to enhance personal branding and online presence.

Password Generator

Built a customizable password generator using HTML, CSS, and JavaScript that allows users to generate secure passwords based on selected criteria such as length, uppercase/lowercase letters, numbers, and symbols. Implemented input validation and copy-to-clipboard functionality to enhance user experience and security.

Dice Rolling Game

Created a browser-based dice rolling game using HTML, CSS, and JavaScript that simulates rolling two dice and displays the winner based on random number generation. Implemented logic to compare outcomes and provide instant game results in a clean, responsive layout.
