SUMMARY

Final-year Information Science engineering student with strong skills in front-end and full-stack web development. Experienced in building responsive projects using HTML, CSS, JavaScript, and React. Quick learner with a growth mindset, certified in Java and foundational AI concepts. Passionate about clean UI/UX and eager to contribute to innovative tech teams while exploring AI/ML and Data Science.

PROFESSIONAL SKILLS

Team Collaboration   Problem Solving
Communication   Visual Design

TECHNICAL SKILLS

HTML, CSS, JavaScript, MySQL, React, Git, Java, Python, Node.js, Rest APIs

PROJECTS

Password Generator   November 2024

Built a customizable password generator using HTML, CSS and JavaScript that allows users to generate secure passwords based on selected criteria such as length, uppercase/lowercase letters, numbers, and symbols. Implemented input validation and copy-to-clipboard functionality to enhance user experience and security.

Dice Rolling Game   April 2025

Created a browser-based dice rolling game using HTML, CSS and JavaScript that simulates rolling two dice and displays the winner based on random number generation. Implemented logic to compare outcomes and provide instant game results in a clean, responsive layout.

EXPERIENCE

Full-Stack Developer (Academic Role)   Jan 2023 - Jun 2023

Built a home service booking system using HTML, CSS, JavaScript (frontend), PHP with XAMPP (backend), and MySQL. Collaborated in a team of developers to design the UI, implement server-side logic, and structure the database. Gained hands-on experience in full-stack integration and user-focused platform development.

EDUCATION

Bachelor of Engineering in Information Science   Sep 2022 - Sep 2026

Rao Bahadur Y. Mahabaleswarappa Engineering College (RYMEC), Ballari

Percentage: 72% (till 6th semester)

Completed key projects using HTML, CSS, JavaScript, React.

Active participant in technical clubs and coding contests.

ADDITIONAL INFORMATION

Languages: English, Kannada, Hindi.
